

Yardtech's News

VOLUME 4 ISSUE 2

WELCOME

Crossing the last quarter of 2021 and having dealt vigorously with the Pandemic long and tough period, we are willing to report in the next pages, our Principals' **DAMEN GROUP'S** achievements.

During 2021, **DAMEN GROUP'S** first priority was to support again the Shipowners on their Ship repair Projects taking all the necessary precautions.

Despite this difficult period, all **DAMEN SHIPREPAIR YARDS** (N.W. EUROPE, BLACK SEA/ MANGALIA, CURACAO) were fully booked and most of their Docks will be fully booked until the end of the year.

Specifically, Damen Mangalia has already completed, successfully, NewBuilding Projects, on the one hand.

On the other hand, drydock and BWT as well as Scrubber Retrofit Projects on Aframax and Suez max Tankers were undertaken by Damen Mangalia and were completed in a very competitive repair time of 32 days.

DAMEN HARBOR & VOYAGE GROUP supported short but emergency afloat repairs in Holland on several Greek vsls.

DAMEN GREEN SOLUTIONS Team is there to provide a serious proposal of their BWT SYSTEMS as well as INSTALLATION in one of the **DAMEN Shiprepair Yards**, worldwide.

INDEX COOL GROUP OF COMPANIES has increased the list of their Greek Customers whose vessels are trading in Singapore.

INDEX COOL has expanded their activities starting a strong cooperation with **PAXOCEAN** Shipyards in Singapore and Batam for Shiprepair Projects.

KINGFISHER is a very important Consultant Company in China having strong relations and long - term cooperation with the most essential Chinese Shipyards.

The long reference list of our Customers have experienced, for many years, now, the high quality of services in combination with the competitive prices. Try us and our Principals above, to support you in your next request, for any of the above mentioned services.

We wish you all, a healthy, safe and Commercially fruitful Winter time.

DAMEN SHIPREPAIR & CONVERSION GROUP N.W.EUROPE / BLACK SEA (MANGALIA) / CURACAO

- The series of **TMS TANKERS'** Aframax and Suez max vessels have been repaired, again, this Summer-Autumn period at DAMEN MANGALIA SHIPYARDS having completed their dd schedule and BWT systems (PANASIA) as well as Scrubber retrofit within the most competitive repair time of 32 days.
- **PANTHEON TANKERS** visited two of DAMEN Shipyards, this summer:
 - 1) d/d repairs at DAMEN MANGALIA SHIPYARDS on MV SEA JAGUAR (dd Special Survey / BWT system retrofit: TECHCROSS System) and
 - 2) Cooperation in N. Europe with DAMEN HARBOR & VOYAGE TEAM on MV SEA TURTLE (Hull damage).
- The same Team of DAMEN HARBOR & VOYAGE was used by **GLOBUS SHIPMANAGEMENT** on MV SKY GLOBE, successfully.
- **TSAKOS SHIPPING** completed a long dd Project at DAMEN CURACAO SHIPYARD as well as **CONTSHIP MANAGEMENT** who decided to carry out dd rprs in one of their vsl in the Caribbean - Curacao during autumn time.
- Within November 2021, **OCTO MARINE** has booked two vessels at DAMEN CURACAO.
- **TRANSMED SHIPPING** selected DAMEN AMSTERDAM SHIPYARD for their long term Project during summer time.
- **NORTHSOUTH MARITIME** agreed with DAMEN GREEN SOLUTIONS and ordered BWT Systems (UV BIOSEA System) for 10 vsls.
On 5 of these vsls, the Company has also and have already trusted DAMEN SHIPYARDS (N. Europe, B. SEA (MANGALIA) and Curacao) for the installation.

TSUNEISHI CORP. (HIRSOSHIMA /JAPAN)

- Big request, recently, for this Shipyard in Hiroshima - Japan, because of Restrictions due to Covid-19 in the Chinese Ports when vessels are coming from India, Indonesia, etc.
